

Map to KW Counselling Services During LRT Construction

Our parking lot is **ALWAYS** accessible during construction. If you see a “Road Closed except to Local Traffic” sign you are “Local Traffic”!

ROUTE ONE: Down Stirling Avenue South to Charles Street East

ROUTE TWO: Down Courtland Avenue East, up Kent Avenue, to Charles Street East

ROUTE THREE: By bus. The GRT #7 runs up and down King Street and stops at the corner of King and Borden.

You may find that you are **temporarily** unable to access one of the above routes if the construction team is moving equipment. If one is not accessible, the other should be.

To exit our parking lot, you will always turn left towards Borden Avenue South.
